#### TO TAKE THE ROAD.

Some Senatorial Junketing Parties Waiting for Warm Weather.

NOT ALL OF THEM ARE PICNICS.

Considerable Work Connected With Some of the Missions.

MANY MILES HAVE TO BE COVERED.

And in at Least Two Instances Einborate Reports Are Expected.

As soon as the warm weather is fairly on, several Senatorial tours of investigation will be begun. Nearly a dozen parties in all will take the road. About the most im-

ISPECIAL TELEGRAM TO THE DISPATCH.1 WASHINGTON, March 13 .- Several Senatorial junketing trips will start out from Washington as soon as the warm weather is fairly established. The Senate at the regular session that closed on March 4 didn't authorize as many of those roving commissions as usual, still there is almost a dozen that have been intrusted with the duty of looking into various subjects of more or less importance

The first one that will take the road is the special committee appointed "to consider the President's message transmitting the report of the Pacific Railway Commission." Senator Free is chairman of this committee. and his colleagues upon it are Messrs. Dawes, Hiscock, Morgan, Butler and Hearst. On April 6 they will leave Washington for a personal inspection of the lines of the Centrali and Union Pacific roads and all their feeders. The party will visit Denver, San Francisco, Los Angeles, Port-land and every other place where these two great systems run, and they intend to actually ride over every mile of track which the two big corporations operate. It is un-derstood that the committee are to be the guests of the road on their jaunt, which may ast six weeks.

NOT ALL A PICNIC. The committee on our relations with Canada, of which Mr. Hoar is chairman, and the sub-committee of the Inter-State Commerce Commission, ordered to examine the charges of monopoly and discrimination on the part of the Canadian roads, and of which Senator Cullom is chairman, were both authorized to travel where and when they please, to take testimony, send for persons and papers, etc. They haven't yet decided what course they will pursue, or mapped out their line of work. As soon as the present session of the Senate adjourns they will do this. The Hoar com-mittee are likely to go for a short trip to Canada, and Senator Cullom will take the members of his committee all along the border and hold sessions at all the points where Canadian roads enter this country, and make a thorough investigation of the

question of the shipment of goods in bonds across the United States.

The Committee on Indian Affairs, of which Mr. Dawes is chairman, will not forget its usual summer picnic into the wild western haunts of the red men. A sub-committee will be formed, and as soon as warm weather sets in they will go to the towns along the northern border of the United States, and also to the Indian Terri-There is no pressing subject relating to the Indiaus to be investigated at present, but one will be looked up before the time arrives for the committee to start.

ABID LANDS EECLAMATION. Senator Stewart, of Nevada, is Chairman of a special committee appointed to look into the matter of the irrigation and reclamation of arid lands. One of the regular appropriation bills of the last Congress contained an appropriation for the preliminary work in this direction. The Western Senators feel confident that the tors feel confident that the experiments will prove so successful and popular that the subject of reclaiming all the waste arid lands will be soon engaging the attention of Congress. The committee will personally visit the desert piaces, and report next winter as to how much water and money is

needed to make them blossom as the rose.

The special committee, with Senator Vest at its head, that last fall took testimony in the principal Western cities as to the al-leged combine meat products, will continue its work during the coming recess, and submit an elaborate report in December.

In addition to these traveling committees that will take the road in the spring, others have been authorized to make investigations as follows:

COMMITTEES THAT WON'T TRAVEL. The Committee on Epidemic Diseases, Senator Harris, Chairman, to examine the cause of yellow fever in this country, and discover a method of preventing its introduction and spread. The Sub-committee on Public Buildings and Grounds, Senator Spooner, Chairman, to continue the investi-gation of the manner of the letting of the contracts for public building by the Super vising Architect's office, and the Committee on Mines and Mining, Senator Stewart, Chairman, to investigate the matter of filing

These committees do not expect to travel, and will not work outside of Washington They will take testimony from time to time, and then leave to the respective chairmen the task of preparing the reports.

of suits against miners in Nevada for cutting

#### WITHDRAWN FROM PITTSBURG.

Navy Officers Nearly All Ordered Aboard

Their Vessels. That there is considerable activity in the United States Navy just now cannot be denied. The way it happens to be noticed here is the withdrawal of nearly all the navy officers from inspecting duties in this city. There used to be as many as 15 of them here at once putting steel for new cruisers to the test at the various mills. But two remain now. The last of the others departed in pursuance to orders last Monday. An offieer of one of the steel companies says he believes the navy is being put into the best for any emergency in the

FOR THE CENTRAL TRACTION.

Stones Being Hauled and Ground Will be Broken April 1.

Contractors Booth & Flinn bave begun to haul Belgian blocks for the paving of Wylie avenue after the conduit of the Central Traction is laid. Ground will be broken Monday April 1. The intention is to tear up the road bed east of Fulton street first and after both tracks are down, work will be commenced at the

The Exposition Prospectus.

Manager Johnston, of the Exposition, said yesterday that the prospectus, or pragramme, will be placed in the printer's hands in a few days. Everything is prog-ressing favorably for the musical festival. One hundred private boxes will be sold at

Still at It. It is claimed the Wabash and Toledo, St. Louis and Kansas City road are still cutting the iron rate out of the Mahoning Valley to St. Louis, while Pittsburg pays full rates. The regular rate is 18 cents, but the makers of agricultural implements in Akron, Cleveland and Toledo are paying a 15-cent

BOUND TO HAVE ITS OWN WAY. City Council Contracts for Gas at Twice

the Price of Electricity. ISPECIAL TELEGRAM TO THE DISPATCH.1 LOCKPORT, N. Y., March 13 .- The Comnon Council of this city, in face of the Mayor's protest and the fact that a bill is pending in the Legislature providing that the city can bond itself to the extent of \$30,-000 to erect and operate an electric light plant of its own for lighting the streets, by ananimous vote entered into a contract with the gas company for a term of two years to light the city. The city has been paying \$18,000 a year for lighting its streets, when, as shown by Mayor Oliver, it could have been done for \$8,000.

The Mayor has spent over \$1,000 personally to try and defeat the gas company, and now charges that the Aldermen have been tampered with, and talks of bribery and other hard things. The papers have taken sides, irrespective of politics.

You Are Not Shaken Before Taken all will take the road. About the most important are the Pacific Railway and Canadian relations committees. There are also a number of Senatorial picnic parties that will not travel, but will hold their sessions in Washington.

Washington.

With malarial disease, but with prodigious violence afterward, if you neglect immediate measures of relief. The surest preventive and remedial form of medication is Hostetter's Stomach Bitters, the potency of which as an antidote to miagnatic poison has been demonstrated for over 20 years past. The liver when disordered and congested, the bowels if constinated, and the kidneys if inactive are promptly aided by it, and it is invaluable for dyspepsia, nervous debility and rheumatism.

### Dyspepsia

Few persons have perfect digestion. One of Ayer's Pills, taken after dinner, or a dose at night before retiring, never fails to give relief in the worst cases, and wonderfully assists the process of nutrition. As a family medicine, Ayer's Pills are unequaled.

James Quinn, 90 Middle st., Hartford, Conn., testifies: "I have used Ayer's Pills for the past thirty years and con-sider them an invaluable family medi-cine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia.

Lucius Alexander, of Marblehead Mass., was long a severe sufferer from Dyspepsia, complicated with enlarge-ment of the Liver, most of the time being unable to retain any food in his stomach. Three boxes of Ayer's Pills

Frederic C. Greener, of East Dedham, Mass., for several months troubled with Indigestion, was cared before he used

What a World of Meaning These Few Words 1

How full of significance and interest they are to thousands of people of this city and the surrounding country! How eagerly will hundreds upon hundreds of the stylish and fashionable dressers of this community read. our announcement! No doubt about it the near approach of spring will produce, as it always does at our store, a veritable boom in every de-

#### **OUR SPRING STOCK READY**

You must be prepared for surprises often, for we intend to offer greater and better inducements for you to patronize us than ever. We shall as of old do business in a way that will meet with the approval of honesty. We shall eclipse and outdistance all our past efforts to give better satisfaction to our patrons.

## Spring Overcoats for Men, Boys and Children.

The whole of our enormous and truly beautiful stock is now in our house and we unhesitatingly pronounce it the handsomest we have ever shown. While the styles are so elegant, it will be found that such great and wonderful improvements have been made in the cut and make that the goods we offer are as near perfection as human skill and ingenuity can make them. We shall seek patronage on the score of merit and shall do as we have always hitherto done, viz.: sell better goods at a less price than inferior goods can be bought for elsewhere. Depend on
